

Captives for garage liability, workers compensation

To be held:
Thursday, Dec. 13, 2018
9:30 a.m. - 11:00 a.m.
Program starts promptly at 9:30 a.m.

Location:
CATA Headquarters
18W200 Butterfield Road
Oakbrook Terrace, IL 60181

If you are paying more than \$150,000 for your garage and workers compensation package, this seminar is for you. The dealership insurance market has never experienced more flux than it is experiencing today. National direct writer Zurich has exited the marketplace, and other garage markets are reducing coverage and increasing rates. Join Corkill Insurance and Captive Resources representatives who will explain how joining a captive can add stability to your insurance program and to your dealership's bottom line.

Captive Resources is a leader in the insurance industry, helping companies to control their costs through the creation and oversight of member-owned group captive insurance companies.

Some of the benefits of a member-owned captive:

- Simplify your insurance program
- Reduce and stabilize your annual insurance premiums
- Remove market volatility
- Enact A-rated insurance programs
- Pro-active risk prevention and claims management
- Investment accrual
- Enjoy return of premium over time

"Joining a member-owned captive has been one of the wisest business decisions that I have made. We operate seven Dealership locations for Mack and Volvo Trucks throughout Louisiana and Mississippi with over 200 employees. I was very skeptical of captives before joining, but it has made us a safer and more diligent company. It changes your whole attitude on insurance in a positive way and has also been a handsome return on the investment."

Lee White, president, Old River Companies, Inc.
